OBJECTIVE

I am a Full-Stack Web and React Native Developer with 2 years of hands-on experience. I specialize in crafting responsive web interfaces and cross-platform mobile applications. I bring a strong command of front-end technologies like React.js and Tailwind CSS, combined with back-end expertise in Node.js, Express.js, MySQL, MongoDB, and Firebase. From building scalable RESTful APIs to designing intuitive UIs, I focus on delivering performance-driven, user-centered solutions. My development approach emphasizes clean, modular code and aligns with modern best practices to ensure scalability, maintainability, and a seamless user experience across devices. I'm also expanding my skillset by actively working on Shopify app development.

SKILLS

- **FRONTEND:** HTML/CSS, Tailwind CSS, Javascript, React.JS, React Native, Shopify APP (Continue)
- **BACKEND:** Node.js, Express.js, Mysql, Mongodb, Restfull APIs, JWT, Sequelize, Prisma
- **Tools:** VS Code, Git, Github, Postman, Stripe

EXPERIENCE

Full stack Web Developer (Internship), Coderzpark

March 2024- Present

- Create visually appealing and user-friendly interfaces by working with designers to ensure consistent design and brand consistency.
- Use React.js to create reusable components to increase the scalability and security of your codebase.
- Integrated RESTful APIs using Node.js and Express.js, handling customer data securely to deliver dynamic and interactive content.
- Worked with MySQL for structured data management, including schema design, complex queries, and backend data integration.
- Contribute to code reviews and agile development processes, working with teams to meet deadlines and goals.

Front-end Web Development (Internship), Webscare

August 2023- January 2024

- Designed and developed responsive websites using HTML, CSS, JavaScript, and React.js to improve website performance and user experience.
- Work with the design team to achieve pixel-perfect designs and maintain product consistency across multiple websites.
- Optimizing website performance on mobile and desktop platforms, faster load times, and improved responsiveness.
- Integrate third-party APIs and use front-end data to enhance the overall functionality of web applications.

PROJECTS

- **Fullstack Ecommerce Website (Sanitary Related):** React.js, Node.js, Express.js, Mysql, Firebase
- **Ecommerce React Native App (Final Year Project (FYP)):** React Native, Node.js, Express.js, Mysql, Firebase
- **Mechify React Native App (Mechanic Booking (FYP)):** React Native, Node.js, Express.js, Mysql, Firebase

EDUCATION

Bachelor of Software Engineering Cont.

The University Of Lahore

- **GPA: 3.81/4.0**

FSC Pre-engineering

Superior Group Of Colleges, Sargodha

RUBAB SOHAIL

MEDICAL LABORATORY TECHNOLOGIST

0336-0912703

sohailrubab994@gmail.com

Chak # 87 N.B, Sargodha

OBJECTIVE

I am a motivated and meticulous Laboratory Technologist with a BS in Pathology Laboratory Sciences and hands-on experience from extensive clinical rotations. I'm passionate about delivering accurate, timely lab results that directly support patient care and critical medical decisions. With a strong command of modern diagnostic tools, biosafety protocols, and laboratory data management, I take pride in ensuring each test is performed with precision and integrity. I'm eager to bring my dedication, technical skills, and reliability to a dynamic healthcare environment where I can make a meaningful impact.

EXPERIENCE

Intern – Hafeez Lab, Sargodha

March 2024- Present

- Assisted senior lab technologists in routine diagnostic procedures
- Participated in specimen collection, labeling, and preparation
- Observed and supported analysis using microscopes, centrifuges, and biochemical analyzers
- Ensured adherence to laboratory hygiene and biosafety protocols

PROJECTS

Prevalence of Dengue Viral Infection (A Multicenter Hospital-Based Study):

- Conducted a collaborative study analyzing dengue cases in various hospitals
- Collected and examined patient data to identify infection trends and seasonal impact
- Prepared comprehensive reports aiding awareness campaigns and preventive measures

SKILLS

- Laboratory Diagnostics
- Clinical Sample Analysis
- Specimen Collection and Handling
- Microscopy Techniques
- Laboratory Information Systems (LIS)
- Report Preparation and Documentation
- Biosafety and Biosecurity Practices
- Data Entry Accuracy
- Effective Communication
- Team Collaboration

EDUCATION

- BS in Pathology Laboratory Sciences**

University of Sargodha

- F.Sc Pre-Medical**

Punjab College for Women, Sargodha

CERTIFICATIONS

- Conference on Biosafety and Biosecurity
- Conference on One Health

ACHIEVEMENTS

- Former Member of PCBD (Pakistan Council for Biological Defense)
- Served as a functional representative for one year

LANGUAGES

- English – Proficient
- Urdu – Fluent
- Punjabi – Native

MIRAL SOHAIL

MEDICAL LAB TECHNOLOGIST

0336-0912703

meraal.k456@gmail.com

Chak # 87 N.B, Sargodha

SUMMARY

I am a passionate and detail-oriented Medical Laboratory Technologist currently in the final semester of my BS in Medical Laboratory Technology. I have hands-on experience through internships at reputed diagnostic laboratories and have actively participated in community health events such as blood camps. My strong foundation in lab diagnostics, sample analysis, and biosafety, along with my keen interest in research and healthcare innovation, drives me to contribute meaningfully to patient care and diagnostic excellence.

EXPERIENCE

Internship - DHQ Lab, Sargodha

March 2024- Present

- Actively assisted laboratory technologists in conducting preliminary diagnostic tests and sample preparation.
- Supported the generation and formatting of lab reports to aid physicians in clinical decision-making.
- Gained hands-on experience with pathology lab workflows, including specimen tracking and safety protocols.

Internship – Doctors Lab & Al Haram Lab, Sargodha

March 2024- Present

- Helped with day-to-day laboratory diagnostic procedures, including sample reception, labeling, and preliminary analysis..
- Ensured cleanliness and organization of the lab environment, contributing to smooth workflow and safety.
- Observed and learned key procedures in hematology and biochemistry testing under expert supervision.

Participant – Blood Camp by Doctors Lab at PHA, Sargodha

March 2024- Present

- Assisted in organizing the donor registration process and ensured accurate recording of donor information.
- Supported sample collection efforts and helped label blood specimens for safe storage and transport.

Actively participated in raising public awareness about the significance of voluntary blood donation.

SKILLS

- Laboratory Diagnostics
- Clinical Sample Analysis
- Specimen Collection and Handling
- Microscopy Techniques
- Laboratory Information Systems (LIS)
- Report Preparation and Documentation
- Biosafety and Biosecurity Practices
- Data Entry Accuracy
- Effective Communication
- Team Collaboration

EDUCATION

BS in Medical Laboratory Technology (8th Semester)

Sargodha Institute of Health Sciences, Sargodha

F.Sc Pre-Medical

Punjab Group of Colleges, Sargodha

EXTRACURRICULAR ACTIVITIES

- Medical Article Reading and Summarization
- Creative Sketching and Diagram Drawing
- Educational Content Creation
- Attending Webinars and Medical Conferences
- Mind Mapping for Study Planning
- Puzzle Solving and Brain Games
