FRONTEND WEB DEVELOPER

03060760549   basitkhokhar957@gmail.com   Sargodha, Pakistan   https://www.linkedin.com/in/muhammad-talha-basit-32b27b260/

PROFILE

Professional front-end designer and web developer with 2 years of experience building responsive, visual websites using HTML, Tailwind CSS, JavaScript, and React.js. Expertise in creating intuitive user interfaces with a focus on clean, scalable code and seamless user experience. Hands-on experience with Node.js and Express.js, continuously advancing full-stack development skills. Demonstrated ability to work with cross-functional teams to deliver innovative, effective web solutions. Enjoy developing websites and using new technologies to improve functionality and user interaction.

EXPERIENCE

Front-end Web Developer, Coderzpark
February 2024- Present

- Design and develop responsive websites using HTML, Tailwind CSS, JavaScript, and React.js to enhance user interaction and experience.
- Create visually appealing and user-friendly interfaces by working with designers to ensure consistent design and brand consistency.
- Use React.js to create reusable components to increase the scalability and security of your codebase.
- Integrated REST API and processing of customer data provides powerful, efficient, and customer-interactive content.
- Contribute to code reviews and agile development processes, working with teams to meet deadlines and goals.

Front-end Web Developer, Webscare
August 2023- December 2023

- Design and develop responsive websites using HTML, CSS, JavaScript, and React.js to improve website performance and user experience.
- Work with the design team to achieve pixel-perfect designs and maintain product consistency across multiple websites.
- Optimizing website performance on mobile and desktop platforms, faster load times and improved responsiveness.
- Integrate third-party APIs and use front-end data to enhance the overall functionality of web applications.
