MUHAMMAD TALHA BASIT

FULL-STACK DEVELOPER

03060760549   basitkhokhar957@gmail.com   Sargodha, Pakistan   https://www.linkedin.com/in/muhammad-talha-basit-32b27b260/

OBJECTIVE

I am a Full-Stack Web and React Native Developer with 2 years of hands-on experience. I specialize in crafting responsive web interfaces and cross-platform mobile applications. I bring a strong command of front-end technologies like React.js and Tailwind CSS, combined with back-end expertise in Node.js, Express.js, MySQL, MongoDB, and Firebase. From building scalable RESTful APIs to designing intuitive UIs, I focus on delivering performance-driven, user-centered solutions. My development approach emphasizes clean, modular code and aligns with modern best practices to ensure scalability, maintainability, and a seamless user experience across devices. I'm also expanding my skillset by actively working on Shopify app development.

SKILLS

- **FRONTEND:** HTML/CSS, Tailwind CSS, Javascript, React.JS, React Native, Shopify APP (Continue)
- **BACKEND:** Node.js, Express.js, Mysql, Mongodb, Restfull APIs, JWT, Sequilize, Prisma
- **Tools**: VS Code, Git, Github, Postman, Stripe

EXPERIENCE

Full stack Web Developer (Internship), Coderzpark
March 2024- Present
- Create visually appealing and user-friendly interfaces by working with designers to ensure consistent design and brand consistency.
- Use React.js to create reusable components to increase the scalability and security of your codebase.
- Integrated RESTful APIs using Node.js and Express.js, handling customer data securely to deliver dynamic and interactive content.
- Worked with MySQL for structured data management, including schema design, complex queries, and backend data integration.
- Contribute to code reviews and agile development processes, working with teams to meet deadlines and goals.

Front-end Web Development (Internship), Webscare
August 2023- January 2024
- Designed and developed responsive websites using HTML, CSS, JavaScript, and React.js to improve website performance and user experience.
- Work with the design team to achieve pixel-perfect designs and maintain product consistency across multiple websites.
- Optimizing website performance on mobile and desktop platforms, faster load times, and improved responsiveness.
- Integrate third-party APIs and use front-end data to enhance the overall functionality of web applications.

PROJECTS

- **Fullstack Ecommerce Website (Sanitary Related):** React.js, Node.js, Express.js, MYsql, Firebase
- **Ecommerce React Native App (Final Year Project (FYP)):** React Native, Node.js, Express.js, MYsql, Firebase
- **Mechify React Native App (Mechanic Booking (FYP)):** React Native, Node.js, Express.js, MYsql, Firebase

EDUCATION

Bachelor of Software Engineering Cont.
The University Of Lahore
- **GPA: 3.81/4.0**

FSC Pre-engineering
Superior Group Of Colleges, Sargodha
